The temperature will drop 40 degrees in two seconds. Water will bubble and spray while snow falls all around. Standing on a massive platform you will feel the full wrath of Mother Nature as the floor tilts and trembles beneath you. Will You Survive Niagara's Fury?!

Niagara Parks has recreated the amazing sights and sounds of the Creation of Niagara Falls. Incredible images developed with technology used previously only in satellites and medicine, will immerse you in a "4-D", Universal Studios-style attraction. Located in the newly redeveloped Table Rock, this dramatic and entertaining attraction will open in June 2008.

With Niagara's Fury, The Niagara Parks Commission continues to fulfill its mandate to promote the beauty and history of the Falls. Providing a mix of education and entertainment Niagara's Fury tells the story of the evolution of the Falls while providing a thrill like no other.
